

Why Choose Ruckus

Ruckus Dance Alliance was created to be different from other dance studios. Ruckus is a place where every dancer is valued. We strive to create a welcoming family atmosphere from the moment you step into the studio to the time your dancer graduates. Our dancers feel like Ruckus is their second home.

- **Class sizes are SMALL so that every dancer receives individualized attention.**
- **Class curriculum is tailored to the abilities of the dancers in each class so that every dancer grows every year.**
- **Professional dance instructors are dedicated to their students and their craft and continually develop themselves through additional training.**
- **The studio is managed from a parent's perspective, so information is clear and communicated as early as possible.**
- **Ruckus does not tolerate bullying in any way. We expect our dancers to be respectful of others and be models of character, leadership, and integrity.**
- **We are mindful of family time and fully support educational commitments.**

**We don't teach kids to make great dancers,
we teach dance to make great kids.**
